Each eligible individual wishing to apply for coverage must complete a separate application.

Important information to consider before you apply for coverage under the Federal Long Term Care Insurance Program

People buy long term care insurance for many reasons. Some buy insurance to make sure they can choose the type of care they receive. Others do not want to use their own assets or have their family pay for long term care. But long term care insurance can be expensive and is not right for everyone.

Please read below for important information and questions that may help you decide if you should apply for this coverage. You should also read the FLTCIP 2.0 Outline of Coverage and *A Shopper's Guide to Long-Term Care Insurance*, both of which are found online at **www.LTCFEDS.com** and in the information kit. If you have questions about whether long term care insurance is appropriate for you, please call us at **1-800-LTC-FEDS** (1-800-582-3337) **TTY** 1-800-843-3557.

1. **Can you afford to pay the premiums for the coverage you are considering?**

   If you plan to pay premiums solely from your own income, a rule of thumb is that you may not be able to afford this coverage if the premium is more than 7% of your income.* Your premium is based on the benefit options you select and your age and the premium rates in effect at the time we receive your application. If you need help calculating your premium or creating a plan that suits your needs, please visit **www.LTCFEDS.com** or call us at **1-800-LTC-FEDS** (1-800-582-3337) **TTY** 1-800-843-3557.

2. **Can you afford future changes to your premiums?**

   Your premiums may increase if:

   - you increase your coverage, either by accepting increases to your benefits under the future purchase option, or by requesting and being approved for an increase in your benefits; and/or
   - you are among a group of enrollees (for example, those with the same plan design or set of benefits) whose premium is determined to be inadequate.

   Note: Premiums are not guaranteed. While the group policy is in effect, the U.S. Office of Personnel Management (OPM) must approve an increase in premium rates.

3. **If you are considering the future purchase option, have you looked at whether you can afford increased premiums for future increases to your benefits?**

   If you do not plan to accept future increases, have you considered how you will pay for any long term care that exceeds the amount your insurance will cover?

4. **Do you qualify for Medicaid, or are you likely to qualify in the near future?**

   Medicaid may be available for persons with low income (for example, less than $20,000 per individual or $40,000 per couple) and few assets (for example, less than $30,000 per individual or $50,000 per couple, not counting the value of your home). Medicaid covers some long term care services. If you have low income and few assets now, or expect to in the next 10 years, you may want to consider whether long term care insurance is right for you. It is important to remember that Medicaid eligibility requirements vary by state. To learn more about Medicaid, contact your local or state Medicaid agency.

1. That you understand the company's right to increase premiums by checking the box on page 12.
2. That you agree to and acknowledge the terms stated in this application by signing and dating page 12.

I am applying for insurance coverage under the FLTCIP. All of the answers and explanations I have given on this application, including my status as an eligible individual in Part A, are true and complete. I understand that the decision to approve my application will be based on my answers and explanations on this application. If required, my medical records or answers to interview questions will also be considered.

I agree to immediately inform Long Term Care Partners in writing if between the date I sign this application and the date my insurance coverage is effective (1) my health changes in a way that would cause any answer I have given on this application to no longer be correct, or (2) I receive any medical advice or treatment from a physician or other health care practitioner for a condition that would affect an answer to any question on this application. I understand that Long Term Care Partners may use information about such health changes or medical advice or treatment, whether provided by me or otherwise obtained, to reevaluate my application for coverage. I further understand that my coverage will not go into effect as scheduled or will be voided if the information, if known previously, would have caused the carrier not to issue my coverage.

Active members of the uniformed services: I understand that if my application is approved, I must be on active duty and physically able to perform the duties of my position at least one day during the calendar week immediately prior to the week which contains my coverage effective date.

Other eligible employees: I understand that if my application is approved, I must be actively at work at least one day during the calendar week immediately before the week which contains my coverage effective date. I must be reporting for work at an approved work location and work at least one half of my regularly scheduled hours for that day and be able to perform all the usual and customary duties of my employment on my regular work schedule.

I understand I have the right to request a copy of this application at any time, but I also understand I will receive one automatically.

Part J Agreement and acknowledgment (continued)

Caution: If you are approved for coverage, but you should not have been because one or more of your answers or explanations are incorrect or untrue, or fails to include all material information requested, we may have the right to deny benefits or void your insurance. This is true even if you did not knowingly misrepresent the facts as shown in your medical records. We may also void your insurance at any time if we find that at the time of application, you misrepresented your status as a member of an eligible group.

Note: Your signature below also confirms the elections you made in Part F: Plan Options, Part H: Billing Options, and Part I: Protection Against Unintended Lapse.

- If you rejected an automatic compound inflation option in Part F by choosing the future purchase option, you are confirming that you reviewed the descriptions and graphs of the inflation protection options in the FLTCIP 2.0 Outline of Coverage. You also understand that if you elect an automatic compound inflation option, you may switch to the future purchase option at any time. And if you elect the future purchase option, you may request to change from the future purchase option to the automatic compound inflation option, and should you make such a request:
  - you will be required to provide, at your expense, evidence of your good health that is satisfactory to us; and
  - the effective date of all future automatic compound benefit increases will be the anniversary of the first day of the month that next follows the date of our approval of your request.
- If you elected automatic bank withdrawal in Part H, you are authorizing your bank to charge your account for such withdrawals, payable to Long Term Care Partners. This authorization will remain in effect until you, your bank, or Long Term Care Partners terminates it by a 30-day written notice to the others. You will not receive any bills or other notices of the withdrawals from Long Term Care Partners. You agree that if the automatic bank withdrawal is not honored by your bank, for whatever reason, Long Term Care Partners will have no liability for the payments.
- If you elected payroll or annuity/pension deduction from your own pay or annuity/pension in Part H, you are authorizing Long Term Care Partners to deduct from your pay or annuity/pension the amount necessary to pay the premiums for the FLTCIP coverage issued to you. If you elect payroll deduction, then we reserve the right to deduct from your annuity/pension or direct bill you the amount necessary to pay the premiums on your retirement. You can cancel your payroll or annuity/pension deduction by contacting Long Term Care Partners to choose a different billing option.
- If you did not name someone in Part I to receive a notice if your coverage is about to lapse, you are confirming that you understand that such notices do not obligate such person in any way and are not sent until 45 days after your premium was due but unpaid. You also understand that you may identify a person (and/or name a different person) to receive notice of pending lapse at any time in the future.

Please check the box and sign below.

☐ **The company's right to increase premiums:** Premiums are not guaranteed. I understand that my premium will not change because I get older or my health changes or for any other reason related solely to me. Premiums may only increase if I am among a group of enrollees whose premium is determined to be inadequate. I understand that while the group policy is in effect, OPM must approve the change.

Note: You must check the above box to confirm that you have read and understand the paragraph above titled, "The company's right to increase premiums." We cannot process your application if you do not check the box.
